Offered in this category is original Third Reich literature and memorabilia from and about the Nazi Party.

The Nationalsozialistische Deutsche Arbeiterpartei (N.S.D.A.P. or Nazi Party) had been a political party in Germany between 1920 and 1945. The party's leader, Adolf Hitler, was appointed Reich Chancellor by President Paul von Hindenburg in 1933. The NSDAP followed an ideology that stressed the racial purity of the German people and saw the Jews and communists as the greatest enemies of Germany, if not enemies of the world. We are offering a wide variety of rare original NSDAP publications and memorabilia on this website.
